LOTTERIES ~ GAME SHOWS ~ GAMBLING BOATS ~ GOVERNMENT GRANTS

Let me have something for nothing, is that what we are teaching the young generation. Of all the above the government grant is the worst, cities and county governments rely on for most anything that's done. Give me something free and we will support you or you support me and I'll get you a freebie of some kind.

Grants are good to help local governments with large programs like sewer lines that a small community would not be able to finance on their own. Most of these grants are share grants where both the local and federal governments share in the cost of a project. The free grants program where the Fed's put up all the money has started a spending spree for things like the "Tombstone" that you can see from 206 at the stop light at Hwy. 55. It's there, you see it but you can't tell what it's about. If local funds were raised to put this "Tombstone" up, I doubt if a \$100.00 could have been raised locally. I know that this grant was sought because it would be good for the community as all grants are, we must see that projects like these are at least supported financially by the community they go to. This project is only a small example of government grants that are spent every day and it has caused an "Everyone else is getting FREE GRANTS so why shouldn't we" kind of attitude.

We need help in all our local governments, there is no doubt about that. I don't advocate not getting help from the Federal Government, after all we do pay taxes. When you spend your own money most of us try to get our money's worth. Look at the people who have won a big lottery and most have squandered all of it or destroyed their own lives because of the FREE MONEY easy come, easy go. We teach our children a work ethic when the child earns money by doing tasks other than just buying them anything they want. The free money that they receive won't likely be spent as wisely as the money earned would be.

When I was a part of Waggener-Walker Newspaper I would have sworn on a stack of Bibles 10 feet tall that I was frugal with company money. After starting South Central Printing, Inc. I was very surprised to find myself more frugal with my money than with our money. Knowing this makes it easy to see how government spending has gotten out of

hand. This will make most Government managers mad because most think they are doing a good job managing government's money and some are.

Unions in government, like the US Post Office is, can't work because there is only one side and that's the employee. After all, the side representing the government's side is a government employee as well and receives the same benefits.

A FAIR TRADE

A man was sick and tired of going to work every day while his wife stayed home. He wanted her to see what he went through so he prayed:

"Dear Lord, I go to work every day and put in 8 hours while my wife merely stays at home. I want her to know what I go through. So, please allow her body to switch with mine for a day."

God, in his infinite wisdom, granted the man's wish. The next morning, sure enough, the man awoke as a woman. He arose, cooked breakfast for his mate, awakened the kids, set out their school clothes, fed them breakfast, packed their lunches, drove them to school, came home and picked up the dry cleaning, took it to the cleaners and stopped at the bank to make a deposit, went grocery shopping, then drove home to put away the groceries, paid the bills and balanced the check book. He cleaned the cat's litter box and bathed the dog. Then, it was already 1 P.M. and he hurried to make the beds, do the laundry, vacuum, dust, and sweep and mop the kitchen floor. Ran to the school to pick up the kids and got into an argument with them on the way home. Set out milk and cookies and got the kids organized to do their homework. Then, set up the ironing board and watched TV while he did the ironing. At 4:30 he began peeling potatoes and washing vegetables for salad, breaded the pork chops and snapped fresh beans for supper. After supper, he cleaned the kitchen, ran the dishwasher, folded laundry, bathed the kids, and put them to bed.

At 9 P.M. he was exhausted and,

though his daily chores weren't finished, he went to bed where he was expected to make love, which he managed to get through without complaint. The next morning, he awoke and immediately knelt by the bed and said:

"Lord, I don't know what I was thinking. I was so wrong to envy my wife's being able to stay home all day. Please, Oh! Please, let us trade back. Amen!"

The Lord, in his infinite wisdom, replied:

"My son, I feel you have learned your lesson and I will be happy to change things back to the way they were. But you'll have to wait nine months, though. You got pregnant last night."

GRANDMA STILL DRIVES

Grandma is 88 years old and still drives her own car. She writes:

Dear grand-daughter,

The other day I went up to our local Christian bookstore and saw a 'Honk if you love Jesus' bumper sticker. I was feeling particularly sassy that day because I had just come from a thrilling choir performance, followed by a thunderous prayer meeting, so I bought the sticker and put it on my bumper.

Boy, am I glad I did; what an uplifting experience that followed. I was stopped at a red light at a busy intersection, just lost in thought about the Lord and how good he is, and I didn't notice that the light had changed. It is a good thing someone else loves Jesus because if he hadn't honked, I'd never have noticed.

I found that lots of people love Jesus! While I was sitting there, the guy behind started honking like crazy, and then he leaned out of his window and screamed, 'For the love of God! Go! Go! Go! Jesus Christ, GO!' What an exuberant cheerleader he was for Jesus! Everyone started honking! I just leaned out my window and started waving and smiling at all those loving people. I even honked my horn a few times to share in the love! There must have been a man from Florida back there because I heard him yelling something about a sunny beach. I saw
